

Graffiti Reporting and Removal

We appreciate your help in reporting graffiti you see. All it takes is a quick phone call to our Graffiti Hotline (928-777-1652). Please leave a detailed message and return phone number.

Also, include the address/location and a brief description of the graffiti in your report.

We have a reputation of cleaning graffiti quickly, letting vandals know it is not tolerated here. Whether it is a small utility box, light pole, or a large wall, the time you take to report graffiti is very much appreciated.

Thank you for helping to keep our City clean.
